

## PD-Series LCD Display 42" | 49" | 55"

Built for digital signage, the PD-Series features a 6.5mm narrow bezel and a full slate of inputs including HDMI with HDCP, DisplayPort 1.2 for 4K 2x2 video wall setups, and RS-232 and RJ45 ports for remote and network-based control. The displays also include other signage-friendly features such as landscape and portrait modes, scheduling capabilities, and a switch-on delay mechanism for use in video walls. Furthermore, the PD-Series also fits for security control room usages with its premium-grade panel and 24/7 design.

#### Ideal for Video Walls

The PD-Series is an excellent choice for video walls with a variety of features, which make installation and setup convenient including DisplayPort 1.2 support for easy 4K 2x2 video wall setup, a switch-on delay mechanism, a logofree design, and a premium-grade panel for 24/7 operation.

## Easy Control for Large-Scale Digital Signage

Its built-in scheduler and OPS slot are complemented by IR / RS-232 looping and Ethernet control capabilities to easily control, setup and maintain large-scale digital signage video walls installations.

#### **Features**

- Full HD 1920 x 1080 resolution
- $\bullet$  700 nits high brightness panel offers clear images in bright ambient light areas
- Durable metal housing
- $\bullet$  6.5mm narrow bezel width for professional LCD video walls
- • DisplayPort 1.2 Multistream functionality allows for 4K UHD resolution across a 2x2 video wall
- Image Enhancer: 3D Comb Filter / Deinterlace / Noise Reduction
- $\bullet\ Versatile\ connectivity:\ DisplayPort,\ HDMI,\ DVI,\ VGA,\ Component/Composite$
- Built-in USB media player for simple signage content delivery
- An integrated scheduler allows content programming based on source, time and day

## **High Visibility**

The PD-Series offers pristine images that maximize visibility, making videos shown on the display stand out in any setting. The 700 nits high brightness, 10 bit color depth, and 5 ms response time ensure life-like visuals, all complemented by a 178-degree viewing angle that allows the display to be seen by all.

## Simple Content Scheduling

The embedded USB media player allows users to conveniently play content from a USB drive. Simply create scheduled playlists and configure playback settings with the included remote control to display your personalized content.

#### PID Command & Ctrl Software

PID Command & Ctrl is a software that allows users to control AG Neovo displays via LAN or RS232 connections. It provides a simple and intuitive interface for remote management, OSD-related settings, and easy control on deployed displays. It also can be used to create video walls within minutes and assist system integrators with setting up displays.

- DMR function: play media shared over a local network
- $\bullet$   $Alink^{\text{\tiny TM}}$  function for synchronized powering on/off via HDMI
- RS232/LAN/IR control provides compatibility with control systems
- Native tiling support for easy video wall setup (up to 5 x 5)
- $\bullet$  Heat Control Sensors automatically activate the internal cooling fans when temperature rises
- Selectable gamma curves optimise different kinds of images
- $\bullet$  OPS slot ready for easy IPC, media player or HDBaseT receiver integration
- Premium-grade panel for high reliability and long product lifetime
- Rigorous screening of the components for mission-critical 24/7 applications
