

# DCA01

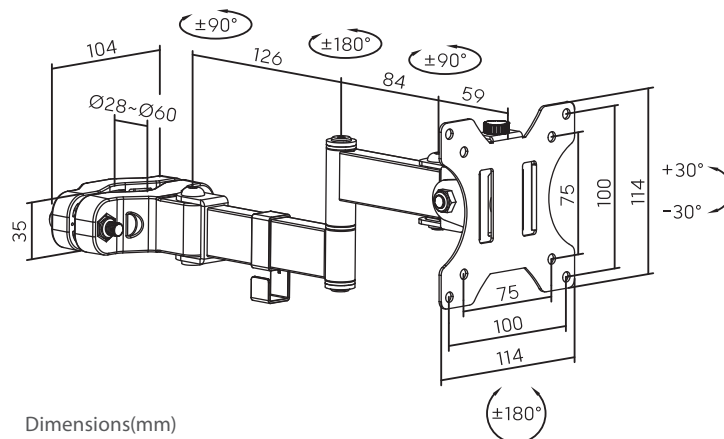

## Pole Mount Monitor Arm

- > Supports 15"-27" monitors up to 8 kg with VESA 75x75 and 100x100 mm
- > Adjustable tilt, swivel, and rotation for comfortable, flexible viewing
- > Built-in cable management for a neat and organized installation
- > Clamp design allows for fast installation and relocation without drilling
- > Clean white finish complements modern, professional environments

Designed for environments where desk or wall space is limited, DCA01 Pole Mount Monitor Arm offers a sleek and functional solution for healthcare, office, industrial, and retail settings. It securely mounts onto poles and allows full monitor movement, making it easy to find the perfect viewing angle for productivity, collaboration, or space-saving needs.
